IT Support jobs from May 2021

This data is for May 2021 for the selection made

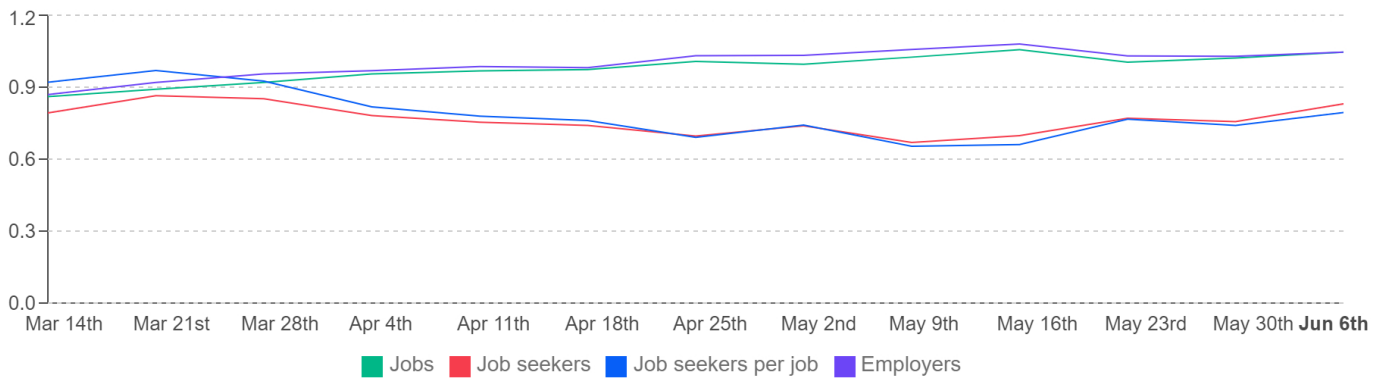

1. Change over time for the selected data, indexed against the week of January 26th to February 1st 2020. The value reported is how much greater or smaller the data has become. For example, a jobs value of 1.25 would mean there were 25% more jobs that week than in the indexed week.
2. This score is based on Indeed advertiser data for a three month period ending at the end of May 2021 for this title and/or location compared to the rest of the country.
3. The number of jobs posted that received clicks for the selected title and location in May 2021.
4. This is the number of job seekers, as identified by a unique tracking cookie, to have clicked on a job for the selected title(s) and location - if any - in May 2021.
5. This is the average number of job seekers per job for the selected title and location in May 2021.
6. This is the percentage of clicks which we know to have come from a mobile device in May 2021. Due to technical reasons, for a small percentage of clicks, the actual device used is not known.
7. Average salary for the selected title(s) and location - if any, as calculated using data from a variety of sources, such as employees, users, and past and present job advertisements on Indeed for a period up to the last 36 months. These figures are provided for the purpose of generalized comparison only.
8. The total number of employers with job postings for the selected title and location that received clicks in May 2021.
9. Source: BLS.gov unemployment figure for the month requested. BLS.gov cannot vouch for the data or analyses derived from these data after the data have been retrieved from BLS.gov.
10. These are the most popular search terms leading to clicks on jobs for the selected title(s) and location - if any - in May 2021. Note that some common generic phrases, such as "now hiring" or "jobs" may have been filtered out from this top 10.
11. These are the most popular employers using the selected title(s) (or for the selected location in general if no title is selected) in the selected location (or nationwide if no location is selected) based on the number of clicks that they have received in May 2021.
12. The number of resumes where the most recently listed work experience was in the search selected. Indeed does not guarantee that these job seekers are currently actively seeking employment.
13. The number of resumes where the most recently listed work experience was in the search selected. "Last month" refers to the most recent calendar month for which data is available. Indeed does not guarantee that these job seekers are currently actively seeking employment.
14. The years of work experience across all industries as indicated by the employment history listed on the job seeker's resume. Indeed does not guarantee this covers all of the job seeker's work experience.
15. The highest level of education achieved as indicated by the education listed on the job seeker's resume. Indeed does not guarantee this accurately covers all of the job seeker's education.
16. The most commonly listed employers for resumes within this search.
17. The most commonly listed locations for resumes within this search. Job seekers may list locations other than cities on their resume, such as a New York borough.

Note: All data is subject to review and adjustment. Any information provided in this report is provided for informational purposes only and Indeed does not guarantee its accuracy. This report does not constitute a contract.

IT Manager jobs from May 2021
